

Chart of Applicable PSU courses and Proposed Courses Needed to Cover the Material in the First 4 Actuarial Exams and to Fulfill the VEE Requirements

SOA Exam	Current PSU courses which would apply	Suggested courses which would apply	Exam is Identical For SOA and CAS
P	STAT 561/562/563 - through 562 is probably sufficient	N/A	Yes
FM	N/A	Course on Interest theory	Yes
M	STAT 578, STAT 561/562/563 - would cover about 40% of exam	Course on Life Contingencies which builds off of interest theory and survival analysis - would cover remaining 60% of exam	No, Exam M will count for CAS 3, but CAS 3 does not count for Exam M
C	STAT 578, STAT 561/562/563 - would cover about 75% of exam	Course on Credibility Theory	Yes

VEE Requirements	Current PSU courses which would apply	Suggested courses which would apply
Applied Statistics	STAT 564, EC 472/572	
Corporate Finance	2 Finance courses, see SOA Catalog p.33 for Corp. Finance requirements	N/A
Economics	EC 311/312	N/A

Notes:

- For CAS 3, syllabus will be similar to Exam M but less extensive and emphasis on different areas. See www.casact.org for more info

Other Recommended Courses/Skills:

MTH261: Linear Algebra
 Computer Science course(s)
 SAS
 Microsoft Access, Excel
